SUSTAINABLE CLEVELAND 2019

*Neighborhoods of Choice where residents

Enlightened, Resilient and Self-reliant.*

Announcing:

Cleveland Spaces, Vital Places

Orientation and Workshop

Each of Cleveland's 34 neighborhoods has its own distinct identity and character. Each has its own historical perspective and future possibilities. By collaborating and empowering community members to harness area resources and assets, including funding to enhance strategically located vacant land available via the Cleveland land bank, we have an opportunity to build community pride while improving neighborhood quality of life within a system of networked community places.

This workshop is intended for Cleveland residents, area businesses, and neighborhood organizations interested in having a learning conversation leading to public practices that will bring to life the unique context and potentials of each of Cleveland's diverse neighborhoods and associated communities.

Workshop Agenda:

- **Intro & Goals – What Are Vital Places?**
- **Vision – Surveying the Possibilities!**
- **The Land Bank Process - How to Find a Viable Space?**
- **Acquiring Project Funding**
- **Remembering the Past - Charting the Future**
- **Neighborhood & Community Engagement**

Future Workshops to be Scheduled: Land Acquisition; Acquiring Funding and Donations; Involving Neighbors & Volunteers; Designing & Managing Vital Places; Maintenance and Security; Networking Our Neighborhood Places.
