

Build Resilience to Extreme Weather Events – Free Workshop

Tuesday, July 17, 2018 | 8:00 a.m. – 4:30 p.m.

Cleveland Metroparks Watershed Stewardship Center at the West Creek Reservation

Attend a free, interactive workshop to learn about resilience planning and adapting to current and future extreme weather threats at wastewater, drinking water, and stormwater utilities.

Training Objectives

- Share information about how environmental conditions and extreme weather events (e.g., drought and flooding) could impact drinking water, wastewater, and stormwater utilities in the midwestern U.S.
- Identify and share information on adaptation strategies to build utility long-term resilience and discuss strategies for making the business case to invest in resilience.
- Share utility stories of successful resilience planning efforts and adaptation activities.
- Introduce EPA's [Creating Resilient Water Utilities \(CRWU\)](#) resources and tools.
- Share information on available resources for financing resilience and adaptation.

Who Should Attend?

- Drinking water, wastewater and stormwater utility staff and management involved with planning, operations, sustainability and risk management
- Technical assistance providers
- Local, state, federal and tribal government officials
- Watershed planners
- Water sector associations

6.0 continuing education units (CEUs)/contact hours are available for participation (application pending).

Sponsored by the City of Cleveland-Division of Water Pollution Control, City of Cleveland, Ohio Environmental Protection Agency and U.S. Environmental Protection Agency.

Agenda

8:00 – 8:30 a.m.	Registration
	Regional Extreme Weather Projections and Water Sector Impacts
	Adaptation and Resilience: Making the Business Case
8:30 a.m. – 4:30 p.m.	Utility Resilience Planning: Local Examples and Case Studies
	Advancing Resiliency Planning Efforts and Effective Communication Ideas
	Funding Resources for Resilience and Adaptation Planning

Register by July 3rd at <https://www.sciencemissionsupport.com/creatclevelandreg>

More training information is available on the registration site. If you have questions or would like more information, please email Alfredo Lagos (alfredo.lagos@csra.com).
