| 9:30 – 10:30 am  | Dr. Barbara Fair, Horticultural Science, Extension Horticulture Specialist & Assistant Professor, University of North Carolina, Keynote Speaker: <b>Why Urban Tree Selection Matters</b> |
| 10:30 – 10:45 am | Break  |
| 10:45 – 11:30 am | Bruce Cubberley, Arbor Division Manager, City of Urbana Illinois — <b>Tree Stories from a Life Long City Arborist</b>  |
| 11:30 – 12:00 pm | Andrew Freeman, Director of Facilities Management and Campus Safety - Ohio University Zanesville at Ohio University — <b>Campus Tree Preservation Program Highlights</b>                 |
| 12:00 – 12:15 pm | Lola Lewis, Regional Urban Forester ODNR & Jim Chatfield, OSU Extension Associate Professor & Extension Specialist – <b>Tree Campus USA Update</b>                                       |
| 12:15 – 1:00 pm  | Lunch  |
| 1:00 – 1:45 pm   | Christine Balk, Davey Tree Resource, <b>Root &amp; Crown Rot and Tree Decay</b>  |
| 1:45 -- 2:15 pm  | Marne Titchenell, OSU Program Specialist, Wildlife – <b>Wildlife in the Urban Forest</b>   |
| 2:15 -- 2:30 pm  | Break  |
| 2:30 -3:30 pm    | Paul Snyder, Secrest Arboretum, & Jim Chatfield, OSU Extension Associate Professor & Extension Specialist: <b>Tree Walk – Secrest Arboretum</b>  |
| 3:30 pm          | Wrap up & Safe Travels   |

# Speaker Information

Dr. Barbara Fair, **Associate Professor**, Academics, Extension, Faculty, Kilgore Hall 154

[barbara\\_fair@ncsu.edu](mailto:barbara_fair@ncsu.edu)

919-513-2804

## **Area(s) of Expertise**

I am the Landscape Extension Specialist and I also teach plant identification. I am working with the county extension agents, the urban/suburban communities and the landscape industry, and will certainly serve any others who need my assistance.

I have worked extensively in education, state and local government, and industry over the years and have developed many interests.

My expertise lies in woody plant identification and selection, maintenance, and planting. I am also interested in soil and water issues in the landscape and am a Certified Arborist. I belong to the International Society of Arboriculture and pursue many interests in this area.

My research efforts concentrate on soil and water issues in the landscape, as well as field trials directed at specific genera.

## **Current Duties and activities**

Currently I have a 70% extension and 30% teaching position. Fall semester 2007 I taught HS 011, Plant Identification for the Agricultural Institute. I will continue to teach this course every fall, at least in the near future.

My primary focus is landscape extension. I will be assisting the industry, county extension agents, community and county leaders and colleagues.

I also will conduct research primarily in soil and water use issues.

## **Selected Publications**

- Fair, B.A. 2005 Growth Response and Adaptability of *Acer rubrum* and *Acer xfreemanii* Cultivars to Soil Compaction. PhD Dissertation, The Ohio State University, Columbus, OH.

Office: 379C Kottman Hall, 2021 Coffey Rd., Columbus, OH 43210  
Professional Information

## **EDUCATION**

Marne Titchenell received her Bachelor of Science in wildlife management and forestry from The Ohio State University in 2004. She continued her study of forest wildlife at OSU School of Environment and Natural Resources, where she obtained her Master of Science in 2007. In late 2007, she became a Wildlife Extension Program Specialist, for OSU Extension.

### **PRINCIPAL RESPONSIBILITIES**

Provides an increased level of knowledge and interest among the public in a variety of areas of emphasis including woodland wildlife management, habitat management, human-wildlife conflicts, and the natural history of vertebrates.

Serves as a resource for and works in concert with other OSU Extension professionals to enhance current programs and to develop new programs in areas of focus.

Develops and manages the preparation of articles, proposals, electronic media, and educational materials for presentation at conferences, workshops, or in-services.

## **EXPERIENCE**

Marne grew up spending time outdoors during yearly family vacations and from these experiences developed a passion for nature and wildlife. She holds a BS and MS in natural resources from The Ohio State University's School of Environment and Natural Resources. With both degrees she chose to specialize in wildlife and forestry. As a master's student, she studied the response of bat populations in southern Ohio to shelterwood harvests in oak-hickory forests. The abstract of her project can be viewed on the TWEL web site.

Marne has gained experience working for the U.S. Fish and Wildlife Service and USDA Forest Service. In 2006, she worked as a naturalist for the Columbus and Franklin County Metro Parks, where she developed a passion for environmental education. In late 2007, Marne accepted her current position as Wildlife Program Specialist, with OSU Extension. She works to provide a variety of educational programs, workshops, conferences, and publications centered on wildlife ecology and biology, habitat management for wildlife, and managing nuisance wildlife species.

Bruce Cubberley, Arbor Manager, Public Workers, City of Urbana, Urbana Illinois
