

Sustainable Cleveland 2020 Virtual Summit

Breakout Summary:

The City of Cleveland recently launched a 10-Year Housing and Investment Plan to develop a blueprint for housing options and investment tools which will retain and attract residents to Cleveland's neighborhoods. The goal is to provide every Cleveland household with the opportunity to obtain housing in the private market, and to use housing programs to assist where needed. Residents, stakeholders, and City officials and staff were invited to join the 10-Year Housing and Investment Plan engagement team in a virtual listening session about housing initiatives that are working in Cleveland and which ones could work better.

Presenters:

- Kirby Date, Principal, KMDate Community Planning, LLC
- Claudia Aiken, Director of the Housing Initiative at Penn (HIP), University of Pennsylvania
