

Air Quality in Cleveland: A Panel Discussion

Breakout Summary:

Air quality may mean different things to different people within a city or neighborhood. Factors like where you live, your age, your race, your health, and your occupation can significantly impact what comes to mind when you think of air quality. In this panel discussion, you will hear different perspectives on air quality in Cleveland, and learn more about how local agencies and organizations are helping to monitor and improve the air we breathe.

Presenters:

- Tim Kovach, Air Quality Planner, Northeastern Ohio Areawide Coordinating Agency
- Whitney Long-Jones, Community Engagement Organizer, Ohio City Inc.
- Christina Yoka, Chief of Air Pollution and Outreach, Cleveland Department of Public Health
