Day 2 Sustainable Cleveland Summit - Thursday, Oct 21st
1:00 PM – 2:00 PM EST

Engaging the Community in Cleveland’s Park Investments

Presenters will share creative and user-focused community engagement strategies for Cleveland’s park investments.

Presenters:
- Kristin Hall, Director of Sustainability, Mayor’s Office of Sustainability, City of Cleveland
- David Jurca, Founding Principal, Seventh Hill
- Sean Terry, Manager, Parks for People, Trust for Public Land

Detailed Description:
In 2017 Mayor Jackson joined the 10-Minute Walk Campaign, a national initiative to ensure all residents live within a half mile, or a 10-minute walk, of a clean, safe park. In Cleveland, 83% of residents have walkable park access. As we work to close the gap and create park access for all residents, it is critical we engage the community around future park investments to ensure the parks truly meet community needs.
In this breakout, learn about creative and user-focused engagement strategies that can help connect community members throughout the park design process. Presenters will also share updates on a new park project in Cleveland, Clark Avenue Park, where these tactics can be tested and refined.

**Resources shared during the session:**
- Parks & Playgrounds in the City of Cleveland
- Cleveland Metroparks
- Parks for People–Cleveland
- Seventh Hill Design
