

**FRIDAY, NOVEMBER 10, 2017**  
**PLANETARY HEALTH  
IN THE AGE OF THE  
ANTHROPOCENE**

**Dr. Christopher Golden**

Research Associate, Department of Environmental  
Health and Visiting Scientist, Department  
of Nutrition at the Harvard School

Humans have caused massive disruption to the natural systems of the planet, which not only pose threats to nature, but also to the mental and physical health of human populations. With nearly two decades of research conducted in Madagascar as our guide, we will learn about the intersections between environmental change and human health and what might be done to tackle these problems in the future.

*Co-sponsored by the Nature Center at Shaker Lakes*

**5:30 PM**

Enjoy complimentary light appetizers, a cash bar & live music. Museum exhibitions, galleries and store are open. Meals are available for purchase at Exploration: A Zack Bruell Restaurant, located off the Museum's main lobby.

**7 PM**

Presentation begins in auditorium, followed by questions and answers.

**TICKETS**

Members: \$10; General: \$12;  
Students/Teachers: \$6

For series schedule or to purchase tickets, visit [cmnh.org](http://cmnh.org).
