

SUSTAINABLE TRANSPORTATION at HOME

There are many actions Clevelanders can take at home, at work and in the community to help grow sustainable transportation. Actions include biking, walking, taking transit, carpooling, car sharing and much more! Not only do these actions reduce roadway congestion and carbon emissions, they also provide health benefits and improved air quality. [Share your success story here!](#)

Have at least one car-free day every week.

Join [bike to work day](#). Each month from May to October, Greater Clevelanders are encouraged to leave their car at home and commute by bike for Bike to Work Day. You can link up with other commuters at gathering points and energizer stations, learn from others how to commute and the best routes to take, or share what you know with the less experienced.

Take public transit, use bike share or both!

Participate in the [#imoveCLE](#) Selfie Contest.
