About Triangle Community Center (TCC)

Triangle Community Center (TCC) is Fairfield County's leading provider of LGBTQ programming and resources to nurture growth and connection within the community. It is the only organization focused exclusively on the LGBTQ community in Fairfield County, which is a community at greater risk of isolation, discrimination, suicide, substance abuse, and HIV/AIDS than its peers. TCC was founded in 1990 and serves over 200 clients through its case management program. Over 6,000 members of the community attend a TCC program or event at least once a year.

TCC is experiencing continued support from the community and looking to grow their services and geographic reach to Bridgeport, Danbury, and beyond. Under its new leadership, TCC seeks to expand outreach not only to LGBTQ youth but to older adults and those communities most affected by inequality and isolation.
