Memo

To: UPS Local Unions

From: Denis J. Taylor, IBT Package Division Director

Date: September 2, 2020

Re: Telematics

UPS is testing an enhancement of the Telematics system in four centers in Texas and Oklahoma. The Package Division is in the process of investigating the enhancements in the context of Articles 6 and 37.

We have been assured by UPS that there is no driver facing video or audio capability; there is a sensor that sounds an alert when sensing a distracted driver.

If any Local Union Officer or Business Agent has verified information to the contrary of this, please contact the Package Division.
