

**Local 355 Teamsters United to Restore Our Benefits**

# **Pension Freeze: We Deserve Answers**

On March 1, our pension's annual accrual was cut to zero.

If these cuts last until next March, every full-time UPS Teamster in the Local 355 plan will lose at least \$191 a month for life.

Last year, our union officials told us that the pension contribution increases in the new UPS contract would be enough to secure our benefits.

That wasn't true.

This year we deserve straight talk from our union officials—not a sales job:

- ▶ Why was our accrual rate cut to zero?
- ▶ How long will our accrual stay at zero?
- ▶ When will our benefits be fully restored?
- ▶ What is our union's plan to protect our benefits for the long-haul?

## **Demand Answers: Sign the Petition**

Local 355 members are building a movement to get answers and restore our benefits. You can be a part of that movement—sign the petition today.
