

JOIN 10,000 Teamsters to **Dump Hoffa!**

Teamster members are launching a movement to elect new leaders and set a new course for our union.

Hundreds of thousands of Teamsters are fed up—including many local officers. The Hoffa camp has never been more discouraged or divided.

But anger alone won't be enough to get rid of Hoffa. It will take organization.

The campaign to elect new International Union leaders begins next summer. We have one year to build the campaign army it will take to win.

Ten Years of Hoffa

- X** Worst concessions in Teamster history
- X** Pension and benefit cuts
- X** No plan to rebuild Teamster Power
