

**WHO WILL  
CHOOSE  
WHO RUNS  
OUR UNION?**

This Fall, BLET members will each get a ballot to vote for the new president of our union—unless some BLET officials get their way.

They've put forward an initiative that will take away your Right to Vote for our top officers, before you've ever gotten a chance to use it.

Guess who they want to choose the BLET's next president? Themselves.

## **We Deserve the Right to Vote**

These officials think you're not smart enough to choose our next president.

Prove them wrong. Speak out for the Right to Vote. Spread the word. And Vote No if it comes up at your Division meeting.

## **Vote No To Stop The Proposal**

The initiative to take away your Right to Vote may be coming up for a vote at your Division meeting.

To stop them from getting the 25% membership support they need to move forward with their plans, we need to vote No!

Attend your division meetings in the coming months and if the proposal to take away our Right to Vote comes up, Vote No.

The power to protect the Right to Vote is in your hands.
