Make UPS Deliver for ALL Teamsters

To: General President James Hoffa and General Secretary-Treasurer Ken Hall

The company is making billions in profits. But many part-timers are making poverty wages.

In the next contract, we need to make UPS deliver for ALL Teamsters.

We will stand with drivers to win a fair contract. Part-timers and inside workers deserve a strong contract too, including:

- Higher Wages, More Guaranteed Hours and No Split Shift Language
- Raise Starting Pay for Part-Timers
- More Full-Time Jobs
- An End to Production Harassment
- No Givebacks
