**RE: TNFINC REVIEWING CHANGE OF OPERATIONS**

We have been advised that a YRC Freight Change of Operations was sent in the mail on Friday, March 8 and should reach the affected local unions today. There is no scheduled hearing date this month or next month for this Change of Operations request. The Teamsters National Freight Industry Negotiating Committee (TNFINC) is reviewing various substantive and procedural issues involved with the proposed change.

This notice is intended to ask all affected Teamster local unions to NOT schedule any meetings with YRC regarding this Change of Operations until further notice.

Thank you.
