

Brothers and Sisters at ABF --

A unified rejection of the supplements will better position us to recover:

- 1. Our vacation week**
- 2. All or some of our lost wages**

Please cast your vote NO.

You may also want to call your Local Union Rep and tell them you're voting NO until a better deal is negotiated.

Then call the international (202-624-6800) tell them we're voting NO – and we pay you to negotiate on OUR behalf, NOT the company's.

United we Stand

Divided we lose our wages and vacation

For those of you that in areas where the supplements already passed, we urge you make these calls as well, we need to come together and unify to change our Teamster leadership and make our union strong again.

(Think about this: between the wage and vacation reductions, is enough for a mortgage, or 2 car payments each month)
