

Teamster members are tired of contract givebacks. We've formed the Take Back Our Union Committee to organize for change.

Come to the first-ever Take Back Our Union meeting in Western Pa.

Meet Teamsters members who Voted No against givebacks at UPS, freight and UPS Freight. Meet Teamsters from every industry who are building a movement to rebuild union power.

Guest speakers include proven Teamster leaders who know how to defeat concessions, win strong contracts and defend our benefits.
