

Teamster members are tired of contract givebacks. We've formed the Take Back Our Union Committee to organize for change.

Come to the first-ever Take Back Our Union meeting in Philadelphia.

Meet Teamsters members who Voted No against givebacks at UPS, freight and UPS Freight. Meet Teamsters from every industry who are building a movement to rebuild union power.

Guest speakers include proven Teamster leaders who know how to defeat concessions, win strong contracts and defend our benefits.
