

Don't Let Hoffa End Fair Teamster Elections

To: Judge Loretta Preska

Teamster General President Hoffa has filed initial papers in court to try to end democratic elections for International Union officers. Since 1989, the Court has recognized that union democracy benefits all Teamster members, whatever their viewpoint, and gives Teamster members a tool to combat the corruption that has plagued our union. We urge you to protect our right to a corruption-free union and independently supervised elections under fair rules.
