

# Have Your Say in Our New Union Contract!

## Local 96 Teamsters at Alta Gas are uniting to win a strong contract.

Contract negotiations are our chance to win improvements by sticking together as a union.

This is your contract and you will be kept informed every step of the way. We have created a Contract Action Team to inform and unite the members.

Negotiations will begin in April. But before the Bargaining Committee sits down with management, we want members to set the agenda.

**Fill out the Local 96 Contract Survey.** Tell the Bargaining Committee what your top priorities are for contract negotiations.
