

# Make UPS Deliver for Part-Timers & Inside Workers

Part-timers and inside workers are fed up with harassment, low wages and not enough full-time jobs.

If UPS and the International Union come back with a weak contract offer, we will Vote No and send them back to the negotiating table to come back with a contract that makes UPS deliver:

- **Higher Part-Time Wages and \$15 Starting Pay** starting on August 1 with annual increases every year
- **Extra Annual Raises For Current Part-Timers** so we are well above the new \$15 starting rate
- **10,000 New Full-Time 22.3 Jobs**
- **More Guaranteed Hours & Overtime Opportunities**
- **Strong Protections and Monetary Penalties to Stop Harassment & Unfair Discipline**
