

Members are Uniting Behind the Only Slate That's Built On Experience—Not Empty Promises.

Experience Matters When It Comes to Management

Representation is at an all-time low in Local 804. We have experience as Business Agents, Union Reps and Stewards and a proven record of taking on harassment, beating unfair discipline, and protecting the membership.

Experience Matters at Contract Time

We have experience at the bargaining table and in contract campaigns. When our opponents defended 22.4 drivers, we organized a Vote No movement to reject contract givebacks. We believe in mobilizing the members, not keeping them in the dark.

Experience Matters When Hoffa is Selling You Out

Our opponents in this election brought Hoffa operative Walter Kane into Local 804 to run our union, and stood on the sidelines when we had a chance to vote Hoffa out. We nominated Fred Zuckerman at the Teamster Convention and helped organize his campaign. We'll unite Local 804 members to vote Hoffa out so we have International Union leaders that fight for us.
