

Join the community of 10 Cents a Meal champions finding resources at **tencentsmichigan.org**

Access the official website for 10 Cents a Meal for School Kids & Farms for resources to help you build a successful farm to school program, apply for Michigan's 10 Cents matching grants to purchase local produce, and educate others about the value of supporting school food service, children's healthy eating, and local food economies.

Here is some of what you will find at tencentsmichigan.org:

TOOLS FOR SCHOOLS

This page is home to an ever-evolving list of resources, supportive Michigan contacts, a tip sheet for grant applicants, and webinars featuring food service directors and educators on grant impacts and successful strategies.

BUILD YOUR FARM TO SCHOOL PROGRAM

Michigan Department of Education, Groundwork Center For Resilient Communities, MSU Center for Regional Food Systems, and Michigan Department of Agriculture & Rural Development compiled a list of resources to build a thriving farm to school program. These resources will empower schools to be successful in the 10 Cents program's four objective areas: how to procure Michigan-grown fruits, vegetables and legumes; recipes, proper storage, and menu development around fresh foods; local food marketing materials for use in and out of the cafeteria; and curriculum for food education in gardens, classrooms, and cafeterias.

BRING YOUR LEGISLATOR TO THE LUNCH TABLE

The School Nutrition Association of Michigan (SNAM) wants to help educate legislators about how school food works. This easy-to-use toolkit helps you to showcase 10 Cents success stories.

TOOLS FOR COMMUNITIES

You can spread the good news about 10 Cents in your community—and for your community.

PRINT FACT SHEETS

Find printable resources to share with parents, administrators, legislators, and others. There are fact sheets about the economic and health impacts of the 10 Cents program, and quotes from food service directors, farmers, economic development champions, kids, and more. You can also download the 2016-2017 and 2017-2018 pilot program legislative reports. The latest report also can be downloaded as six stand-alone fact sheets.

SHARE 10 CENTS

Follow and share our Facebook page to build the online presence of 10 Cents a Meal. We are looking for school districts to follow, and will promote your good food work on our page. Check back often to see how your peers are procuring, preparing, and promoting local food in their schools. We'd also love to see social media engagement from our supporters in health, wellness, agriculture, education, and economic development.

BECOME SUPPORTERS

Endorse the program as a supporter. Building a statewide coalition of schools, farmers, and other supporters will help us build awareness about 10 Cents a Meal across Michigan. <http://www.tencentsmichigan.org/supporters>

Sign up for our email list to keep up with 10 Cents a Meal news. <http://www.tencentsmichigan.org/join>

SUCCESS STORIES AND NEWS

We reach out to schools and farmers throughout the year to capture stories about local food in schools. Take a look at what grantees have been doing to promote healthy eating among their students through cafeteria and classroom connections; and learn how farmers, local food distributors, and processors are creating impactful business relationships with schools.

Use these stories to inspire your work and to educate others about the potential of 10 Cents a Meal to spark healthy lunch choices and a vibrant economy. Success categories are: Economic Benefits, Access to Local Food, Marketing & Education. And you'll find press releases and other news on the "news" tab.
