“We talk a lot about educating the whole child, and we see the benefits—we see it every day in the numbers of kids that eat lunch when we are making these kinds of offerings versus the old way. The scratch cooking and farm to table makes such a difference in the morale of our kids and our staff.”

Sander Scott, Superintendent
Glen Lake Community Schools

“We are still seeing a huge increase in student consumption.”–Beth Kavanaugh, Food Service Director, Public Schools of Petoskey.

Students are taking more fresh apples this school year and more importantly they aren’t throwing them away once they leave the register! The switch to all local apples (which taste better!) have made a huge difference.

Jessica Moody, Food Service Director
Mancelona Public Schools

Compared to last year we have upped our game as far as Michigan products I’m using on a daily basis. The radishes we are able to get—the green, watermelon, and daikon radishes—it provides awesome color to the salad bar in the winter.

East Jordan Public Schools

**Ideas in Action**

**Traverse City Area Public Schools** partnered with the Grand Traverse Band of Ottawa and Chippewa Indians to create a Three Sisters Garden of beans, corn, and squash.

**Traverse Bay Area Intermediate School District** hired a farm to school coordinator and AmeriCorps service members to assist Prosperity Region 2 schools with activities and easy-to-adopt curriculum resources.

**Leland Public Schools** features locally grown foods in a Community Back to School Dinner, putting farm to school efforts front and center in the community.
