

Tennessee Right to Life
SANCTITY OF LIFE CURRICULUM
GRADE 1

TEACHER ALERT

Please have a camera ready during Week 1. Photographs will be used for your class activity during Week 2.

Please be sure to have copies of that class photo for each student and one for the classroom during Week 2.

After your class has signed the picture frame master in Week 1, please make enough copies (preferably on card stock) so that there can be one for each student and a classroom copy to use in Week 2.

In Week 2 you will also need several ink pads (any colors), glue sticks, (it's important that you use glue sticks) and pens.

Plan on having some way for the children to clean the ink from their fingers.

Become familiar with Appendix A in preparation for using the fetal models in Week 2.
