

Sanctity of Life Curriculum
“WE ARE PRECIOUS IN HIS SIGHT”
Grade 5 - Week 2
Take Home

Dear Parents,

This week we continued our discussion of the wonder of life before birth, by discussing some of the memories you were able to share with your child of his/her life before birth. Then we saw the video *Before You Were Born* which gave us a fascinating look at the wondrous way God “knit” us together before we were born. We talked about the fact that God has special work for each of us to do at every stage of our lives. Then we learned that we can pray for an end to abortion and that our prayers are powerful.

Your director has a copy of the video *Before You Were Born* if you would like to view the wonderful stages of prenatal life, or share it with friends and family. Every time we pause to remind ourselves of the wonderful way each of us was created, we advance the sanctity of every human life.

Every student received a small model of a fetus (little one) at 10 weeks of age. Take the time to talk with your child about what this tiny person can do at this stage, using the enclosed card, and then discuss how your family will remember to pray for an end to abortion. Perhaps you can find a special place to display the little fetal model so that it will be a reminder of the commitment to pray for an end to abortion and for all those in danger of abortion. After you have decided to make a commitment to pray every day, take the time to sign your names in the space below, then display this pledge along with the tiny model, as a reminder.

Because we are the work of His hands and each life is precious in His sight, we will pray together every day for an end to abortion, and for the men and women who are also victims of abortion.

(Indicate the time your family will pray each day and include the signatures of those who have committed to pray)
