Planned Parenthood, the nation's largest abortion provider, has hired two staff in Chattanooga: a community organizer and a health educator. They are building support and expanding Planned Parenthood in Chattanooga. They are infiltrating our beloved community and targeting our children! Sign the petition below to let them know they are not wanted here! We, the undersigned, do NOT want Planned Parenthood in the Chattanooga area. Alternatively, sign electronically at righttolifechattanooga.org/petition\_pp (please do not do both).
