

QUEENSLAND HAS SPENT \$9.5 BILLION TAXPAYER DOLLARS ON MINING SUBSIDIES OVER THE LAST 6 YEARS -- MORE THAN ANY OTHER STATE.

MEANWHILE IT SPENDS LESS ON SCHOOLS, HOSPITALS AND COMMUNITY SERVICES THAN THE NATIONAL AVERAGE.

IT'S A CHOICE.

Spending tax dollars helping out mining companies, or spending it on schools, hospitals & services.

WHERE SHOULD THE GOVERNMENT SPEND OUR TAXPAYER DOLLARS IF THEY'RE SERIOUS ABOUT CREATING JOBS?

JOBS CREATED PER MILLION DOLLARS SPENT

10 JOBS
EDUCATION

9 JOBS
