Re: Public Records Act Request - The Calguns Foundation

Dear Mr. Duvernay:

This letter is in response to your Public Records Act request received by the Placer County Sheriff's Office on or about August 28, 2016. Your request seeks five categories of various records which are, at least in part, disclosable public records. [Gov. Code §6253(c)]

This office continues in the process of searching for, collecting, and appropriately examining records responsive to your request. Because your request will require a detailed examination, we will be in contact with you on or before August 22, 2016, with a more detailed response regarding the availability of the requested documents, the specific exemptions that may apply, and an estimated cost bill for the production of documents responsive to your request.

Please note that if the information you seek is contained in an electronic format and requires programming to make it available in the format you request, there may be charges for the necessary programming work required pursuant to Government Code section 6253.9.

If it turns out that there is a large volume of material requested and to be produced such that it is unduly burdensome for the County to provide copies, you will be notified that you may make other arrangements to review and have the documents copied. (*California First Amendment Coalition v. Sup Ct.* (3rd Dist.1998) 67 Cal.App.4th 159, 166.)
