Dear Robin:

Children's Hospital Los Angeles is grateful to Chase Foundation for your generous gift of \$25,000 in support of the HOPE Early Childhood Symposium. (Our official gift receipt for your records and tax purposes will be sent under separate cover.)

We want you to know how much we deeply value your enduring support and commitment to our doctors and the promising work they are doing within the Children's Center for Cancer and Blood Diseases.

Chase Foundation's support allows the children and families we serve, who need unique support, to develop to the best of their capabilities while living with the trauma and difficult aspects of chemotherapy, other forms of therapy, and invasive procedures. The immeasurable gift of life—of *lives* for so many children and adolescents—is difficult to express on this page. But please know that all of us at Children's Hospital Los Angeles recognize that while Chase Foundation grants funding, what it really does is grant life, hope and futures. We are grateful for your philanthropic partnership and deeply value your continued commitment.

Warm regards,

Tina M. Johann, MBA
