**What San Francisco street/intersection would you choose for an epic street party and why?**

Presidio between Post and Sutter to honor the Booker T. Washington Community Service Center which just opened their new building. It is great block that is taken up almost entirely by the service center and the SFMTA yard is right across the street and provides some great ambiance. Now that would be a wonderful street party!

**Please list the 3 endorsements you are most proud of:**

Bevan Dufty, BART Board Director, Rafael Mandelman, District 8 Supervisor, Cecilia Chung, Health Commissioner

**What are the top three issues you will work on, and how will you implement solutions in a timely manner? (1250 character limit)**

I support Gifted and Talented Education, which was dropped by the board during the implementation of the Common Core State Standards. I will work with the various members of the current board and those who will be joining me on building a Diverse, and Neurodiverse GATE Program that helps build up our school communities for the better. I will work with organizations like Gender Spectrum, a local organization which provides trainings on the evolving concept of Gender identity, to train our SFUSD trainers, who will then train every person who has contact with the students. This small gender positive training will change the way that teachers and front end staff interact with all of our students for the better. I also want to address a more equitable and transparent assignment process, I will work with the Ad Hoc Committee on Student Assignment to address issues around providing transparency at every stage of the assignment process, which hasn't happened yet in the district.

**What for-profit or non-profit boards do you serve on, including political organizations?**

Yes

**Do you support renewing SFPD's involvement with the FBI's Joint Terrorism Task Force?**

No

**Do you support congestion pricing for the downtown core?** Yes

**San Francisco suffers a continued affordability and housing crisis. Please explain how you think this crisis should be addressed (in general), then list actionable concrete steps you would take, if elected, to move toward those solutions. Include an explanation of whose interests you will prioritize.**

Housing affordability should be addressed by taking concrete steps to house as many folks of differing incomes as possible. We need to build more housing that folks can afford on a teacher's salary, like the educator housing at the Francis Scott Key Annex. As a school board commissioner my plan is to work with all the stakeholders, educators, Mayor Breed, the Mayor's Office of Housing, and their program the Teacher Next Door to identify how we can build more teacher housing like the one at the Francis Scott Key Annex and how we can duplicate with further programs that lead into home ownership. We need to give those who are barely holding onto their housing real and tangible options.

**Is there anything else you want to tell us? (3000 character limit)**

I am a bi, trans father of two running for one of three open seats on the San Francisco School Board. I grew up in the San Francisco Bay Area, San Jose to be precise, and attended exclusively public schools through middle school, and multiple public high schools including Abraham Lincoln, Gunderson and after moving houses during my freshman year Prospect in Saratoga, CA. When I went to college I attended Berkeley City College due to their Program for Adult College Education (PACE) since I was already a working adult at the time and I finished my baccalaureate at New College of California. I went on to earn my master's degree in Jewish Studies through the Richard S. Dinner Center for Jewish Studies (CJS) at the Graduate Theological Union in Berkeley. I have worked in the UC system since the beginning of 2001 in various positions, starting with clerical at Cal and presently I am in the UCSF Department of Radiology as an Educational Technology Specialist in which I work with faculty, residents and fellows across the campus to deliver multiple morning and afternoon video conferences across Cisco and Zoom networks. I think that representation matters and having a school board commissioner be the first trans elected official in San Francisco tells the national sphere about our values as a city and community.
