When did you first fall in love with San Francisco?

Since 1986. I love my city.

Priorities

Please list the 3 endorsements you are most proud of

Non-politicians, community leaders and people who live God.

What are the top three issues you will work on, and how will you implement solutions in a timely manner? (1250 character limit)

1. Housing. I will create programs to help the property owners to release the 50,000 plus empty apartments to help our workers, teachers and families. It is a waste for me to see these empty apartments while people are suffering with lack of housing. I will do assessment with people who need affordable housing and work with property owners to form programs to rent the current empty units to address our housing shortage. Housing crisis created by career politicians and mono-party far left liberals on purpose to destroy San Francisco. I will be the key person to revive San Francisco with love and hope. www.EllenforMayor2019.com

2. Homelessness. I am a government social worker and I know the solution to save homeless. The government budgeted \$3,900 to \$17,000 a homeless a month. With such huge budget, no one should be suffered or died on the streets. I spoke to many of them, people need a place to sleep and a job to be self efficient. here is the link I did: <https://www.youtube.com/watch?v=CvIHUMSORaU>

3. Drug / crimes. Crimes and drugs go hand and hand. I will address this. Due to space, can't finish. I will be the key non-politician to reform our city with love and hope.

What for-profit or non-profit boards do you serve on, including political organizations?

I have been volunteering in many of the community agencies such as API social worker council, La Case De Madre, San Francisco Community Empowerment Center, etc. I've serve the Civil Grand Jury 2014/2015 and 2015/2017 to investigate government functions and corruption.

What local and state commissions and policy bodies have you served on -- currently or in the past?

I've appointed in 2016 by former supervisor David Campos to serve at the Pedestrian safety committee. I am a government employee and we have restriction to work or to serve, due to conflict of interest.

Local Issues

Some of the things pissed-off voters are watching right now!

Do you support congestion pricing for the downtown core?

Yes

No

Did you support the local implementation of SB 1045, mental health conservatorship?

Yes

No

Did you support SB 50 as written?

Yes

No

If not, are there amendments that would make you support it?

Listen to local residents.

Review the alternative options.

Must be benefit to affordable to all workers.

Would you propose any rezoning or other policy changes to increase housing -- particularly affordable housing -- while protecting against displacement of current residents?

Yes, anything that is money driven for developers that jack up the price for average San Francisco I will not support. All new housing must be affordable to workers and families with reasonable income. The rich get richer and poor get poorer. We the working people need affordable and a quality of life, not just the few corporate people and their friends.

What's your plan to prevent the conversion of neighborhood retail spaces into office space?

It must be the needs for the local nearby residents and business that is impacted. People nearby should have their options to solution. It has to be benefit the community not the big money flow in and take over our city.

Would you support legislation to implement the Budget Analyst's recommendation to adopt a more efficient weekly staffing schedule for the SFPD? (Recommendation 2.2 here: https://sfbos.org/sites/default/files/BA_Report_PA_of_San_Francisco_Police_Department_061218.pdf)

Yes

No

What are your top three priorities for bike and/or pedestrian safety improvements in the City?

1. Visibility to prevent accident or deaths.
 2. Education and outreach to bikers.
 3. Common sense safety with bikers, car drivers and pedestrians.
-

What are your priorities for the proposed November 2020 ballot measure to revise the City's business tax structure? How do you propose to increase the total revenue from business taxes to fund City priorities?

As your new mayor, I will wait for that time to re-assess the situation. Current, our city policies in one side because we only run by one democratic party, no other political parties to balance the voice. Many of our social problems created by previous and current politicians who are in offices for themselves, and some of them in office because they arranged, paid and bought by super PACs money. San Francisco is know for paid and bought, pay to play. If you want to improve SF, I am your only chance to reform a city with ethics and rule of law. We are lawless right now. Our problems created by politicians who are in office representing the people who paid super PACs, = corruption! Election fraud! I am a government employee and I know this is a fact that SF is no longer a people government for you or me. We have to take our city back. If you don't like what you see, vote for me Ellen Lee Zhou for your new mayor. You will see, within one year, I will rebuild our government with rule and law. Thank you.

Final Question

Is there anything else you want to tell us? (3000 character limit)

Yes, thank you for the opportunity. I hope to get your endorsement, together, we will make San Francisco Safe and Clean! Current administration and some of the politicians created these problems for San Franciscans, with \$\$\$12.3 billion budget a year!!! NO one should die on the streets! Every life matters! God gave us the ability to live a life with respect! We have 900,000 residents and 32,000 government employees. More than half of the government employees don't live in San Francisco due to lack of affordable housing. I will fix that within nine months of my mayor position. I am a problem solver and my job is to take care of San Franciscans. 15,000 homeless people are suffering and dying on the streets, with a poop map to avoid poops. 25,000 drug abusers, users and drug dealers dominated SF streets supported by failing policies. 5 million free illegal drug needles supported by current administration, less than half of these needles were not able to collect back, putting the public at risk. 50,000 plus empty apartments available not unable to rent out with failing housing policies. 55 cannabis operations in business, with 200 plus more application, almost 400 permits still pending to open more recreational cannabis stores to drug people (it is illegal per federal) Car break-ins daily, average 100 plus a day, failing policies created by mono-party, democratic leaders only, no other political party nor people's voice. Crimes continue to kill people's quality of life, no one is safe and anyone can be the next victim of crime in SF. Are you awake yet San Franciscans??? If you don't like what you see, vote for me Ellen Lee Zhou for new mayor. I will make sure our public checkbook will be audited and get the money back to save San Francisco. We, the public has been abused by politicians with existing failing policies. I will fix them and reform a government with love and hope. Thank you.

I was nominated by the San Francisco Coalition for Good Neighborhoods to run for Mayor. People believe in me and my leadership to fix our social problems. I have been representing government employees and I have been volunteering out in the community. I received complaints and I am prepared to fix the problems we face today in San Francisco. I believe in people power and I runs to rebuild a government with love, hope and integrity. Our campaign slogan: Make San Francisco Safe and Clean. All elected Officials are servants to serve the best interests of the public. I will put back rule of law in San Francisco to protect the health and wealth of the people. Know me more about my policies and background, watch this interview: <https://www.youtube.com/watch?v=89L2KHp8Qts>

May God bless you. May God bless San Francisco.
