Where is one place in San Francisco you'll want to go celebrate when the pandemic is over?

Philz Coffee

Tell us about yourself.

Why are you running for this office?

I am running for supervisor because I believe progress has been too slow when we're honest about the issues we faced in our city of San Francisco. I'm so tired like many people in San Francisco of promises made by politicians to get our vote, and then get in office and push corporate greedy developers and the rich agendas on the back of the people. We need independent candidates that's not tied to the City Hall machine and not a lifetime politician. I have a record of nearly working in this City for three decades and you want find no where me compromising the People's agenda, my integrity, and principals.

Why do you want the League of Pissed Off Voters' endorsement?

This being my first time running for office, I want to really align myself with organizations that fully understand and respect the voters WILL. The League of Pissed Off Voters past elections slate endorsements, like so many others I have used your guide recommendations when I vote for candidates and support ballot measure initiatives. Your endorsement of me will send a message to the City Hall machine that bought-and-paid-for politicians better be on the look because not if just a matter of when I move up greedy corporations and the rich will be in trouble.

What are your values and how did you get them?

My values. Integrity, courage, sincerity, and commitment. These principles derive from my spiritual inner-belief that we as humans are the highest form of creation of planet earth which comes with awesome responsibilities.

What communities do you represent and how do they hold you accountable?

I represent the Fillmore/Western Addition in District 5. Many of our checks and balances have become so political that there is no accountability in my community what so even just to keep it real. This is why I want to create a district five advisory board that can be represented by every small neighborhood in the district and ensure that politicians, property owners, non-profits, and merchants can all be held accountable in my community and district.

What three endorsements are you most proud of?

Short Answer (You don't have to write a novel.)

What do you think is the best way to address San Francisco's culture of political corruption?

Elect Independent Candidate like myself and get the controlled politicians out of office. In addition change laws to stop politicians from getting funding by outside interest groups.

In the midst of a homelessness crisis, how can the City and County of San Francisco improve the effectiveness of our city's homelessness and supportive housing services?

Put more money toward solutions and stop playing politics that number one. Number two, build more housing faster and streamline the process to keep up with population growth. Number three, Create a Housing Preference Program.

How would you expand checks and balances in regard to mayoral appointments?

Make it harder for the mayoral appointees' to be approved by the BOS. By changing our city charter that says... "Appointments will need 9 out of 11 votes from the full BOS to confirm any of mayoral appointments recommendations."

Would you propose any rezoning or other policy changes to increase housing -- particularly affordable housing -- while protecting against the displacement of current residents?

Yes. Again I would like to rezoning that gives that base the building of affordable housing units on needs, and district population demographics.

If you're elected, what racial justice policies will you push for?

I will push for racial justice in law enforcement by defunding and reforming the SFPD first the all. Other areas will be in cultural equity and bridging the wealth disparities. My policies will set benchmarks that directly impact funding for city government departments that don't show swift improvement.

Last Question

Is there anything else you want to tell us?

Lastly, I just want to thank you for this opportunity and say clearly I love San Francisco where I was born, raised, and have now resided for 51 years. I am so frustrated and pissed off on how our city has been taking over by outside interest groups. Every time I go to the city hall and try to speak during public comment to be giving only one minute to speak, after waiting four hours, makes me want to do more to see our government never forget who put them in office. While the supervisor doesn't pay attention to us or even walk out some time while were speaking, I can say this is why I will so motivated to stay involved and be that CHANGE-AGENT we all looking for! Thank you again.
