What are your self care strategies to prevent burnout?

Like St. Francis, I find great relaxation in the company of animals.

Priorities

Please list the 3 endorsements you are most proud of

San Francisco Realtors, Rachel Norton, Sal Roselli

What are the top three issues you will work on, and how will you implement solutions in a timely manner? (1250 character limit)

1. Homelessness - The original reason I chose to run for mayor is the proliferation of tent cities all across our city. As the Chair of the Ten Year Plan on Homelessness, I brought together a diverse coalition including the Coalition on Homelessness and the Hotel Council, where we worked together and helped 4,850 San Franciscans off of the streets and into permanent supportive housing. I know what works, I know how to bring people to do it. I will as Mayor. I
2. Clean streets. Our streets are absolutely filthy, littered with needles and worse. It's affecting families and businesses, and it's unacceptable in a city as special as San Francisco
3. Housing - We need to build more at all levels. It's driving long-time San Franciscans out of our city, it's pushing teachers out of our schools. While being conscious of the perils of displacement of disempowered communities, we have been digging ourselves into a hole for decades by not matching housing with employment. It has to stop.

What for-profit or non-profit boards do you serve on, including political organizations?

The San Francisco Democratic Party, the Knights of St. Francis

San Francisco suffers a continued affordability and housing crisis. Please explain how you think this crisis should be addressed (in general), then list actionable concrete steps you would take, if elected, to move toward those solutions. Include an explanation of whose interests you will prioritize, and at least one example of a step you would support but which is not currently politically feasible.

We can make significant strides in alleviating the affordability crisis by building more housing at all levels. As mayor, I will implement Mayor Lee's commitment to build 5,000 new units per year. Particularly housing for low and middle income residents. Providing more middle income housing will enable our teachers, families, and first responders to live in the city where they work and remove an enormous source of stress from their daily lives.

We also need to ensure we are building dense housing and expanding public transit with coordinated and intelligent strategy. We must expand transit access when building new housing. We must be open to building new housing by prioritizing density over raising height limits on new construction.

2018 Elections

There are two gross receipts ballot measures on the June 2018 ballot. The conflicting measures section ensures both cannot be implemented, even if they both pass. Which do you support?

- 1.7% gross receipts from lease of commercial space to fund low- and middle-income housing and homelessness services

Final Question

Is there anything else you want to tell us? (3000 character limit)

I have a record of passing real progressive legislation and bringing people together to find solutions to the problems San Franciscans face on a daily basis. I passed Sanctuary City, enacted the nation's first smoking ban, chaired the 10-Year-Plan Commission and helped 4,800 people move from the streets to permanent supportive housing, created the needle exchange and the youth and film commissions, not because it was popular to do so, but because doing so was the act of a true progressive Democrat. It is time for a change at city hall. We need a mayor who is willing to fight for that change and hold department heads accountable. I am the only candidate for mayor who has the experience, integrity, and passion to enact the change the people of San Francisco want.
