What are your self care strategies to prevent burnout?

Thank you for this question! Self care is an important part of my strategy to remain in public service as a life career. To the best of my abilities, I workout once a week, attend yoga intermittently, get regular sleep. Since 2012, I have attended a 6-7 day silent meditation retreat every 9 months to year.

Priorities

Please list the 3 endorsements you are most proud of

SEIU 1021 Tom Ammiano, Matt Gonzalez and John Avalos: Three previous progressive candidates for Mayor!

What are the top three issues you will work on, and how will you implement solutions in a timely manner? (1250 character limit)

I will build upon my successful track record in housing, transportation and street cleaning. I will prioritize funding near term affordable transit options such as protected bike lanes, buses and ferries while we support important, long term capital projects such as DTX, a 2nd Transbay tube and high speed rail which will take decades to build. Waste on our streets isn't just an eyesore, it's an economic and environmental disaster and a public health crisis waiting to happen. As a Supervisor, I have pushed for additional funding to step-up street cleaning this year and as our next Mayor, I will implement an aggressive plan to clean our streets by 1) partnering with non-profit groups and Community Benefit Districts to greatly expand deployment of Neighborhood Streets Team which employ homeless individuals to help clean the streets while providing them with job training skills and housing income, 2) double the number of "Pit Stops" in high problem areas to reduce public urination and defecation and cut the risk of disease and 3) double the number of street cleaners. For housing (see answer to question below).

What for-profit or non-profit boards do you serve on, including political organizations?

San Francisco suffers a continued affordability and housing crisis. Please explain how you think this crisis should be addressed (in general), then list actionable concrete steps you would take, if elected, to move toward those solutions. Include an explanation of whose interests you will prioritize, and at least one example of a step you would support but which is not currently politically feasible.

Building as much as market rate housing alone will not solve our affordability crisis. Building as much affordable housing, both new construction and preservation of rent controlled housing stock, will help address our affordability crisis. We also need cities and counties in the Bay Area to build more housing as well if we truly intend to address the housing crisis.

Forty years of federal divestment of public housing construction coupled with the recent dissolution of redevelopment at the state level, has led to loss of public funds San Francisco has depended on to build 100% affordable housing.

As Mayor, I will develop new local sources of funds for affordable housing including a \$1 Billion Housing GO Bond to fund acquisition of existing apartment buildings or buy-down of new market rate units to be permanently dedicated as affordable. Creating a new source of local tax increment funding for infrastructure, seismic, and remediation costs for development of new affordable and market-rate housing on public lands, including Treasure Island and the Shipyard/Candlestick projects could cut the time needed to build major projects and 20,000 total units – 6,000 affordable and 14,000 market-rate – in half, from 20+ years to just 10+ years. The Bank loan funds for market-rate and commercial parts of the projects will be repaid and re-used in the future at other locations, so all funds will eventually go to affordable housing.

In my time serving as Supervisor, it has become increasingly clear that land should not be privately owned and the production/construction of housing should be part of the government's business (as it used to be between 1940-1980 in our country)– land and housing are valuable good that ensure people's health and security and they should be heavily regulated at minimum.

2018 Elections

There are two gross receipts ballot measures on the June 2018 ballot. The conflicting measures section ensures both cannot be implemented, even if they both pass. Which do you support?

- 1% gross receipts from the lease of warehouse space and 3.5% gross receipts from lease of all other commercial space for early childcare and education
- 1.7% gross receipts from lease of commercial space to fund low- and middle-income housing and homelessness services

Do you support the SF tenant right to counsel measure on the June 2018 ballot?

- Yes
- No

Do you support the June 2018 ballot measure to provide SF police with tasers?

- Yes
- No

Final Question

Is there anything else you want to tell us? (3000 character limit)

I strongly believe that San Francisco can and should be, a progressive beacon for the rest of the country. We have the resources to make progressive ideas into reality if we have strong leadership that has the vision and will to act. I believe I'm the only candidate with this vision and will.

I served as a community organizer at Chinatown Community Development Center, attorney at Lawyers Committee for Civil Rights and went on to serve on the Board of Education and the Board of Supervisors. I represent a challenging and diverse district in San Francisco with the poorest and some of the wealthiest residents, along with much of our tourist, cultural and commercial neighborhoods. The issues in the district I represent mirror the top citywide issues-- housing and development, homelessness, clean streets and more.

My vision for the city is about making it work for everyone. I've demonstrated this vision over the last decade serving on the Board of Education and Board of Supervisors-- I authored a luxury real estate transfer tax to make San Francisco the only city in the nation to make community college for all of our residents. I authored the measure to give our minimum wage workers a raise to \$15 and I have won record levels of affordable and middle income housing. I have proven that my ideas and values are not simply words - I have repeatedly fought, led and won battles to bring progressive initiatives into fruition. I am proud to have the support and endorsement of:
