

## **Friday Food Recovery**

Thank you so much for volunteering!

If this is your FIRST TIME, please email [laaccceey@gmail.com](mailto:laaccceey@gmail.com) so we can pair you up with an experienced volunteer.

Once you get to Harps (1120 E German Ln, Conway, AR 72032), meet with the other volunteer at the front door. Then head back through the produce section to the produce backroom. The produce might be in the cooler in the produce backroom, go ahead and grab it. It will be on a cart. Dustin, the produce manager at Harps may be there (but don't worry if he is not).

Sort the produce into Edibles and Compost (i.e. stuff that you wouldn't eat yourself). Weigh each of the boxes separately. The scale is located on the worktop and has a "Locals" sticker on it. To record the amounts text 470-427-9447 in this format: E#, C# (don't forget the commas!) For example, if you weighed 50lbs of edibles, and 5lbs compost you would text: E50, C5. No # sign needed.

Pack it all up and head over to Bethlehem House to drop off the fruits and veggies: 1115 Parkway St., Conway, AR 72034. The contact person at Bethlehem House is Judi Lively, 501-269-4394.

After that, take the compost to Bell Urban Farm and put it on the back porch: 2001 Tyler St, Conway, AR 72032 The contact person at Bell Urban Farm is Kim Doughty-McCannon, the farmer: 501-317-9505. If you have any problems or questions please call Lacey Starkey at 501-840-1107. Thank you so much!
