

Mr Morrison,

guarantee

TAFE funding

and **create** a

positive future

for **all** of us

Every Australian has the right to access high quality vocational education delivered by TAFE. As Australia rebuilds post COVID, it is TAFE that is best placed to help our communities thrive.

But TAFE has suffered from funding cuts and a contestable funding model that has led to a privatised vocational education system that undermines the quality of vocational education and training.

With hundreds of campuses all around the country, TAFE continues to provide high quality vocational education, and is perfectly positioned to help Australia rebuild, stimulate the economy and address serious skill shortages. But it urgently needs guaranteed funding to do so.

We are calling on the Morrison government to:

- Guarantee a minimum of 70% of total government funding to the public TAFE system
- Restore funding and rebuild the system

- Re-invest in the TAFE teaching workforce
- Develop a capital investment strategy for TAFE

A properly supported TAFE would have high quality new facilities and state of the art equipment, more TAFE teachers and personnel, more courses and more opportunities for students.

That's why we need you to help us **#RebuildWithTAFE** by telling the Prime Minister to guarantee TAFE funding and create a positive future for all of us.

Add your name to our open letter to Prime Minister Scott Morrison!

Mr Morrison,

guarantee TAFE funding

and create a **positive**

future for **all** of us
