

**STATEMENT**  
**5 July 2018**

**TYPEFORM DATA BREACH**

Earlier this week, The Parenthood was notified by Typeform that a number of respondents to two surveys conducted by The Parenthood in 2017 were affected by a data breach.

The Parenthood has advised 362 people that their data was inappropriately accessed.

We are disappointed by the data breach and will be reviewing our use of Typeform in the future.
