NO MORE AUSTERITY | TORIES OUT

The People’s Assembly will be holding a week of protest, demonstrations, cultural events, rallies, comedy, music and public meetings all across Manchester while the Conservative Party hold their conference there.

The election result has left Theresa May and the Conservative Party with a weak, unstable Government and represents a rejection of their vicious policies that only benefit those at the top.

The festival will demonstrate the huge opposition to the politics of austerity, racism and war and demand an alternative that works for everyone. Full timetable available soon - accommodation & transport will be available.

The festival will include a national demonstration on the day the Conservative Party Conference opens:

National Demonstration, Sunday 1 October
Assemble 12pm, Castlefield Arena
Rice Street, Manchester M3 4JR
