

## **NHS Emergency demonstration: NHS IN CRISIS - FIX IT NOW**

Saturday 3 February, 12pm  
Assemble Gower Street WC1

# **MODEL MOTION**

For trade union organisations, campaign groups, and Constituency Labour Parties

### **This organisation notes:**

1. The unprecedented winter crisis in the NHS
2. The cancellation of non-emergency surgery in January and its possible cancellation in February
3. The continued underfunding and covert privatisation of NHS and social care services.
4. The continued low pay of many NHS workers
5. The Emergency NHS demonstration called by the Peoples' Assembly Against Austerity and Health Campaigns Together on Saturday 3<sup>rd</sup> February 2018

### **This organisation believes:**

1. That this government will destroy the NHS as a free-at-the-point-of-need service unless it is prevented from doing so by mass protest
2. That the Peoples' Assembly and Health Campaigns Together have already organised the largest pro-NHS demonstrations in recent history
3. That the demonstration of 3<sup>rd</sup> February deserves our full support

### **This organisation resolves:**

1. To publicise the 3<sup>rd</sup> February NHS Emergency Demonstration as widely as possible among our members and supporters
2. To produce or acquire publicity material for this demonstration for this purpose
3. To send a named delegation with this organisation's banner on this demonstration
4. To book or contribute to the costs of transport to this demonstration
5. To lobby local councillors and MPs to attend this demonstration
6. To inform the local press of our plans
7. To report back to our members about this demonstration
8. To send a donation of £\_\_\_\_\_ to assist in the costs of mounting this demonstration\*
9. To inform the Peoples' Assembly of our support for this demonstration so that the full depth of opposition to government NHS policy can be made public
