ACTION ITEMS IN RED

The meeting of the Board was called to order at 7:07 pm by President Evanne Hunt.

1. Roll Call

ATTENDEES:

Absent: Jim Rogala (schedule conflict), Henry Panowitsch (schedule conflict)

Guests: Jessica Bolwahn, Coulee Region Chapter

Staff: Carol Winge, Victoria Oberle, Dani Stolley

2. Meeting Minutes

A motion was made by Linda Lynch and seconded by Rich Henderson to accept the Minutes of the November 16, 2010 Board Meeting as presented. The motion carried unanimously.

3. Nomination for TPE Board Member At-Large

Evanne Hunt moved that Jeff Ralston be elected to serve as Board Member At-Large. The motion was seconded by Paul Rode. Jeff’s bio was included in the Board packet. Linda Lynch asked what authority was given to go out and find a new board member. Evanne responded that she thought it was the feeling of this Board to fill more positions on the Board to bring different skill sets to the Board. Linda stated that as a board we should have a diverse mix with a variety of expertise. Whenever we feel we need some expertise filled we should have a subcommittee go and look for candidates who fit the expertise we are looking for and then make a nomination to the Board. We should have a process for identifying needs for, seeking out, and interviewing candidates to fill the identified needs. Rich Henderson reminded the Board that we have a Board Development Committee who is charged with Board recruitment. He went on to say that our Bylaws provide for three at-large board seats and we have always been looking to fill all of these positions. Jack Kussmaul provided support for this nomination saying if we have someone who is ready to plunge in, we need to tap into that. Evanne Hunt stated that we need to look outside our prairie knowledge and expertise and bring in people with a wider range of skills. There being no further discussion a vote was taken. All Board members voted in favor of electing Jeff
Ralston to serve as Board Member At-Large except Linda Lynch who voted no. Jeff’s terms is a three year term effective as of January 25, 2011.

Brad Glass announced his retirement from the Board effective immediately following the conclusion of tonight’s meeting.

4. Treasurer’s Report

Corporate Treasurer, Nick Faessler, summarized the year-end financial status of TPE. He noted that the December 31, 2010 statement of financial activities is unaudited. As the audit is done, adjustments will be made to this report. Total cash on hand at year end is $375,448. Central checking balance is $36,949 and central’s savings balance is $73,072. Total revenue for the year 2010 is $756,391; total expenses for the year are $309,530.

Rich Henderson cautioned that much of the unrestricted cash is actually earmarked for projects and is not just cash on hand.

Rich Henderson provided background for the line item entitled “Empire-Sauk education.” This was money TPE received for conference services provided several years ago. This is for use by the organization as a whole. He encouraged the Education Committee to work at how to use these funds.

With regard to the Central income and expense report, Evanne Hunt noted that when you remove the income for the Borah Creek property, our net income is under $100,000.

Linda Lynch asked why TPE is paying property taxes. She believes we should be able to qualify for exemption on all property owned by TPE regardless of whether we are receiving income on it.

ACTION: Richard Oberle will talk with a local assessor about what the laws are on property tax exemption and report back to the Board.

A motion was made by Jack Kussmaul and seconded by Paul Rode to accept the Treasurer’s Report. Motion carried.

5. Endowment Funds and TPE Trust Report

Jack Kussmaul noted that Board members had received these reports in their packets. Jon Traver will attend our February Board meeting to provide a 2010 investment summary report. Jack did note that the Trust Trustees met on January 13 to review the investment funds and rebalance them in accordance with our investment policy.

Jack Kussmaul announced that he resigns as a Trust Trustee effective immediately. He is going to be President of TPE this year and feels he should not serve as a trustee of the trust as president of TPE.
Jack Kussmaul nominated Nick Faessler as a Trust Trustee, effective immediately. The nomination was seconded by Evanne Hunt. Board members voted and the nomination was approved unanimously.

Jack Kussmaul reported that the Trust Trustees are also managing TPE investment funds but we have no formal policy to give them that authority. He would like to rectify this by having the Board adopt a policy giving the Trust Trustees this authority. A motion was made by Brad Glass and seconded by Nick Faessler to approve the policy for management of TPE investment funds giving that authority to the Trust Trustees. Motion carried unanimously.

6. Year End Membership Report

Victoria Oberle provided the year end membership report reflecting total members for the year 2010 of 1079. She was pleased to report that in 2010, 138 new members joined TPE. However, we currently have 82 lapsed memberships; due in 2010 and currently overdue. She has provided information on the lapsed memberships to the chapter leadership in hopes they can contact the members and get them to renew.

The first batch of membership renewal for the year 2011 will be going out next week.

7. LTA Accreditation Committee Report

Jack Kussmaul noted that the committee is meeting monthly and work is moving along.

The motion carried unanimously.

Board members applauded Linda Lynch on preparing an excellent project proposal on a very complicated project.

Board members reviewed a proposed land valuation policy. Evanne Hunt noted that members of her chapter were strongly opposed to the policy as it relates to landowner appraisals for tax purposes. She wanted to know if this is LTA language or did our auditors provide this language. Jack Kussmaul recommended that the policy go back to the Land Protection Committee for further review. This item was tabled and referred to the Land Protection Committee for further review.
10. **Board Development Committee**

Evanne Hunt announced plans for the February Board Retreat. It will be held at the Country Inn in Platteville on Sunday, February 27 from 9:00-noon. Crystal Halvorson will be our facilitator which frees up the officers to fully participate in the discussion. Evanne reported that the Board will be charged with leaving the retreat with three concrete actions they can take as a board and as individual board members to better fulfill TPE’s mission.

Rich Henderson requested that the Board give approval for the chapter to apply to Dane County Environmental Council for a $1,000 grant for kiosks at TPE preserves managed by the chapter. A motion was made by Jack Kussmaul and seconded by Bill Hogseth approving the request. Motion carried unanimously.

12. **Ruth Hine Library Donation**

Ruth Hine donated her personal library of 342 natural history books to TPE. Rich Henderson asked for Board recommendations on what to do with this donation. There was discussion and consideration for keeping the books or using them in our silent auction to raise money or selling them and dedicating the money to an education program. After lengthy discussion Evanne Hunt delegated the task of disposing of the books to Rich Henderson and Bill Hogseth. Before we list them on line; however, we will notify our membership that they books are available for purchase.

**ACTION:** Rich Henderson and Bill Hogseth will look into selling the books on line. Prior to selling them, they will notify TPE members that the books are available for sale.

13. **Review and Approve 2011 Central/Chapter Budgets**

Board members reviewed the proposed budget for central operations for 2011. Rich Henderson questioned budgeting for the endowment fund income as that income is not money available to be used by central operations. Carol Winge will discuss this with our accountant and report back to the Board. A motion was made by Bill Hogseth, seconded by Linda Lynch to approve the 2011 central operations budget. Motion carried.

ACTION ITEMS IN RED

The meeting of the Board was called to order at 7:02 pm by President Evanne Hunt.

1. Roll Call

ATTENDEES:

Absent: Jim Rogala (schedule conflict)

Guests: Pam Maher, Scott Fulton, Karen Agee, Earl Mihlbauer, Peggy Traver, Jon Traver, Rose Sime, Deanne Pomije, Scott Seigfried, Carol Benish, Tom Brock

3. Endowment Funds Report

Jon Traver presented a year end summary report on TPE and TPE Trust investment accounts. In general the portfolios were up about 13%, similar to what the S&P 500 was. We took much less risk and still got very decent performance. More significant was the portfolio vs cost. We did much much better than the S&P 500. The Trust has out-performed the S&P 500 by 32%. By rebalancing at the end of each year, in accordance with our Investment Policy, we reduce our risk. Rebalancing makes us sell high and buy low, thus the risk reduction.

4. Board Action Regarding Trust Income Distribution

A motion was made by Bill Hogseth and seconded by Richard Oberle to decline removing the 2010 earned income from the Trust at this time. Motion carried unanimously.
5. **Presentation on “Access-Based Volunteer Database”**

Richard Oberle reported that he had talked to his Town of Middleton appraiser and Rich Henderson talked to TNC government relations staff and they were informed that land trusts which meet tax exempt qualifications do not have to pay property taxes on land that meets conservation eligibility requirements. However, if we produce income on property from uses not directly related to the conservation purpose of the land, we are obligated to pay property taxes on that portion of the property.

7. **2012 TPE Conference and Banquet**

Evanne Hunt announced that we do not have a host for our 2012 Conference and Banquet yet. She has invited the Many River Chapters to consider hosting the event. They will consider it and let us know their decision. If any other chapters are interested, please let Carol Winge know.

8. **LEAP Application**

Jack Kussmaul reported that he is preparing a LEAP application. The program is co-sponsored by Land Trust Alliance and Gathering Waters. They will select 10-12 land trusts in Wisconsin and provide them with funding and support to help with accreditation. The application is due March 11. Decisions will be made in early April. It is a three year program. If we are accepted, the Board will need to adopt a resolution.

A motion was made by Richard Oberle and seconded by Henry Panowitsch authorizing Jack Kussmaul to complete and submit the LEAP application. Motion carried unanimously.

b. Leave today with three specific actions we can take, as a board and as individual board members, to better fulfill the mission of TPE.

Evanne introduced Crystal Halvorson who facilitated the meeting. Board members reviewed the mission of TPE and went through several exercises to identify where we started, where we are now and where we can be in ten years. Based on the results, there was discussion on how to move forward, using our mission, to get to our ten year goals.

Crystal Halvorson provided a presentation on Policy Governance for information and consideration by the Board.

The Board then discussed and identified three specific actions to further our mission.

1. Board members each pledged to read the entire Board packet before the Board meeting.

2. Board members agreed to complete the “Board Self-Assessment”. Crystal will tabulate and provide the results to the Board. The Board will have a discussion on the results.
3. The Board will discuss what the Board and Chapter relationship is. We may wish to start by revisiting the organization’s bylaws and determine how they relate specifically to chapters and determine how to develop them more fully.

ACTION ITEMS IN RED

The meeting of the Board was called to order at 7:10 pm by President Jack Kussmaul.

Roll Call

ATTENDEES:

Guests: Earl Mihlbauer

Staff: Carol Winge, Victoria Oberle

Adopt Meeting Agenda

The July 17, 2011 Board meeting minutes and the Landowner Contact and Cultivation Document were asked to be removed from the Consent Agenda for further discussion.

Approve Consent Agenda

A motion was made by Evanne Hunt and seconded by Henry Panowitsch to approve the Consent Agenda excluding items 4.a. and 4.d. Motion carried.

Richard Oberle noted an error in the board meeting minutes of July 17, 2011, section 4, second paragraph. The reference to the month of July, he thought, was in error. Carol Winge explained that the month refers to the month of July going forward, not this past July. The minutes were correct as presented. A motion was made by Richard Oberle and seconded by Jeff Ralston to accept the Minutes of the July 17, 2011 Board meeting as presented. Motion carried.

Linda Lynch questioned where the Landowner Contact and Cultivation document came from and if all chapters had input. Board members responded that the document had been approved by the Land Protection Committee. It was simply a guideline that chapters might want to reference when approaching landowners. It is an internal document/tool only. The Land Protection Committee wants the document circulated to all chapter chairs and it is provided in the board packet so that all board members are aware of the document. A motion was made by Richard Oberle and seconded by Jim Rogala to approve the Landowner Contact and Cultivation document and that it be circulated to all chapters. Motion carried.
Election of Board Member

A motion was made by Bill Hogseth and seconded by Richard Oberle to elect Earl Mihlbauer as Board Member At-Large. Motion carried with one nay.

b. A motion was made by Evanne Hunt and seconded by Rich Henderson to accept the 2011 amended budget for central operations. Motion carried.

Endowment Funds Report

Rich Henderson noted that the Easement Monitoring Fund is down 3%. This reflects that we are now taking money out each year for our monitoring program. A motion was made by Richard Oberle and seconded by Paul Rode to accept the endowment and trust reports. Motion carried.

Land Protection Committee

A motion was made by Rich Henderson and seconded by Jim Rogala to move forward with the proposed acquisition. Motion carried.

Amend Bylaws to Provide for an Executive Committee

Our officers are defined in our bylaws, but there is no mention of referring to them as an Executive Committee. A motion was made by Linda Lynch and seconded by Richard Oberle to amend Article IV, Section 1 as follows:

The principal officers of the corporation shall be a President, one or more Vice Presidents (the number thereof to be determined by the Board of Directors), a Secretary, a Treasurer and the immediate Past President, also known as the Executive Committee, who shall be elected by the Board of Directors, with the exception of the immediate Past President. The Board of Directors may designate one of the Vice Presidents as Executive Vice President and may elect such other officers and assistant officers and agents as may be deemed necessary. Any two or more offices may be held by the same person, except the offices of President and Secretary, or President and Vice President. Officers may, but need not, be members of the Board of Directors.

The duties of the Administrative Oversight Committee will be assumed by the Executive Committee.

The Board discussed giving authority to the Executive Committee to act on urgent matters that may arise between board meetings. The Board decided that it did not want to give that authority to the Executive Committee.

A motion was made by Evanne Hunt and seconded by Henry Panowitsch to approve a resolution authorizing TPE President, Jack Kussmaul, to sign the Foxglove Savanna Driveway Easement. Motion carried.
Layton Easement Title Insurance Payment

TPE is using the Layton Easement donation for match on several proposed acquisition projects that have applied for state stewardship grants. The state and LTA requires us to obtain title insurance on land we hold easement over. Therefore, Rich Henderson requested title commitment from a title company in Rock County for the Layton Easement. The bill arrived and is for $1,500 (value of the easement is $715,000). Typically costs of protection projects are covered by the account of the chapter in charge of the project. However, in this case, at least two chapters will be making use of the available stewardship credit over time.

Rich Henderson recommends that the most equitable way to handle the Layton Easement title insurance bill is for the money to initially come from the central account and then each chapter, as they make use of the stewardship credit, transfer chapter allocated funds to the central account in proportion to the amount of the credit used by the chapter’s project(s).

A motion was made by Earl Mihlbauer and seconded by Richard Oberle to approve this recommendation. Motion carried.

Approval to Proceed with Submitting LEAP Application

A motion was made by Rich Henderson and seconded by Linda Lynch to approve submitting the LEAP application. Motion carried.

Lodging information is posted on our website. The conference date is Saturday, February 25, 2012.

We are looking for a raffle/silent auction coordinator to run the event this year. Information on the raffle/silent auction has been delayed while we seek out a coordinator.

Land Protection Policy and Procedures

Jeff Ralston raised concerns that we need to include language in the letters advising landowners that what we are asking for in land management or easement stewardship costs may not be tax deductible and they need to consult with their tax attorney.
Board members felt we may want to consider adding to the policy language that we don’t turn down acquisitions without funding. The Board agreed to send The Land Protection Policy and Procedures back to the Land Protection Committee to discuss the concerns raised.
