

APPENDIX B

APOLOGY

I, Makhan Brar, of Edmonton Alberta, am the owner and operator of Historic Princess Theatres Inc. ("Princess Theatres"). Rebel News Network Ltd. ("Rebel News") had scheduled two book launch events for October 10, 2019 at the Princess Theatre in Edmonton, and October 15, 2019 at the Plaza Theatre in Calgary. I made the decision to cancel those events at the last minute due to pressure from my staff and because of the spectre of large community protests. In particular, two employees, Michael Corless and Jordan Thompson, told me that Rebel News was not welcome on Whyte Avenue in Edmonton, and that they had faced problems at other events.

In fact, Rebel News had held events at my theatres in the past without incident, and I should not have cancelled these events. Doing so caused financial damage to Rebel News, and damage to Rebel News' reputation. I apologize to Rebel News and its owner, Ezra Levant, for cancelling the events and for any damage suffered.
