

A close-up, high-contrast photograph of a bronze statue head, likely a classical figure, with detailed curly hair. The image is monochromatic, rendered in shades of blue and white, giving it a graphic, stencil-like appearance. The statue's face is partially visible at the bottom, looking slightly to the right.

OUR ***Community Needs*** ***Our Courthouse!***

**Stop the dangerous plan to close
courthouses in Scarborough,
Etobicoke and North York.**

Victims, witnesses and accused need fair access to the justice system near where they live.

- Travelling all the way downtown is time consuming and costly. For some, it's practically impossible and will put cases at risk.
- The New Toronto Courthouse will not be safe.
- Without customers, businesses around our community courthouses will suffer.
- Courthouse workers built their lives around their local workplace.
- Costs to the delivery of justice will significantly increase.
