Our campaign is working

While cost of living increases, public servants are falling behind. That's why public servants are fighting to hold this government to account for the promises they made before they were elected.

They promised to give public servants fair wage rises that kept up with the cost of living.

Public servants deserve fair wages and a government that keeps its promises.

Together, we are calling on Campbell Newman to deliver on his promise by providing the same fair wage increase to public servants that politicians gave themselves.

And you can make a difference.

We need you to join by November 12 so we can book more ads on the air.

Our plan needs you

The campaign is at a critical point **and that's why we need you.**

We need to hit Campbell Newman where it hurts – in the community and the public arena.

That's why we are running a statewide advertising blitz in early November.

This plan can win, but it will take all of us working together.

Members have taken the campaign this far, but for this to be effective, we need more public servants to show their commitment to fair pay by joining the fight today.

Every new member's fees will contribute directly to a further state-wide advertising blitz in December designed to directly call on Campbell Newman to deliver his promise for fair pay.

More new members means more ads, in more places.

Join Together today and all your union fees until the end of the year will go directly towards sending Campbell Newman a message.
