Together Secretary

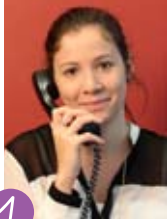

9 reasons to join Together

Together is a counterpart
organisation of the ASU

1

Help at work

As a union member you get support when you need it. You get representation, information and expert advice when things go wrong.

2

Power in the workplace

The more union members, the more power we have in the workplace. We are always stronger together. We need to protect our jobs from things like privatisation and cut-backs.

3

Together we can win

Workplaces strong with union members ready to take action consistently win better pay and better conditions. Union workplaces win.

4

You can make a difference

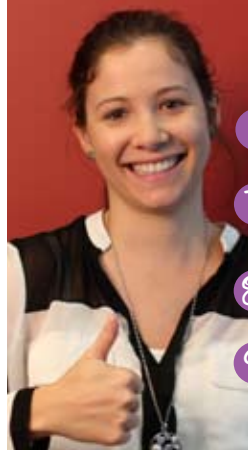

Unions win for members *and* for our community. All the services we depend on are better protected thanks to union members standing up and being counted.

5

You have a say

Workplaces are always changing, but as a union member you get a say in what happens. And union members get more of a say in enterprise bargaining.

PLUS!

6

Union dues are tax deductible.

7

You get great savings at Union Shopper.

8

Access to Teachers Union Health & legal services.

9

And you're a part of Australia's **biggest movement for change!**

So what are you waiting for
— join Together today
