

**Shifting Gears Collected Action Items
July 2017**

Enforcement	
Keith S.	Report crashes to the police Report dangerous drivers on CDOT website
Chris G.	Request update on red light camera initiative Request report from CMPD to report out at BAC meeting
Fran C.	Connect Open Streets with National Night Out
Eric Z.	Public shaming example: cars in bike lanes and adding self reporting to the My Charlotte App and 311
Mike L.	Start “Watch for Me NC” campaign with UNC Charlotte’s University Policy (launch at 10/4/17) transportation fair at UNC Charlotte)
Blair P.	Put pressure on City Council to implement red-light cameras: address them directly at public forum and use change.org petition drive
Encouragement	
Anna H.	Encouraging kids/faculty at Trinity Episcopalian to bike to school; getting them involved in Open Streets, Biketoberfest, May Bike Month, etc. Consistent Bike Train for FWF/SE
Kevin C.	Organize bike trains to guide more riders too biking events or even to commuting destinations
Kevin C.	Solicit non-riders to ride to accessible destinations - breweries, restaurants, greenways
Christine W.	I will host a commuter 101 Lunch and Learn events at work and expand to center city
Pamela M.	Bicycle Library
Adam R.	Lead coworkers on bike commute and show them the safe route to University Research Park
Bethanie J.	Create a list of family friendly rides and connections for families new to riding
Tammy B.	I will look into doing a teen bike ride started in the Plaza Midwood area

Encouragement	
Renee B.	Start a regular group ride to work/Uptown from Plaza Midwood on Wednesdays, guiding people to the way to bike parking and showers (similar to Free Wheelin Fridays)
	Free Wheelin Friday Breakfast ride, Bike Train to school
Katie Z.	Ask about doing a ‘blessing of the bikes’ and other wheels) at church, connect church community, connect riders and non riders, group ride, traffic volumes are low on Sundays

Education	
Jeff V.	Bike Friday at Dilworth Elementary Ride Leadership Class for group ride leaders
	Educate worker in my company to use bike and bus to come to work
	Teach my friends to take the lane; volunteer at Learn to Ride
Kenya T.	Social media campaign in which I address issues I encounter as a carfree fulltime bike commuter using my urban girl granola world social media accounts and my blog
Harry J.	Organize a neighborhood bike tire changing contest with bike lights as prizes
Christian L,	Contact schools and organizations about partnering up to teach kids the sport of cycling Do How To’s on how to ride, bike safety, and minor repairs
Mark G.	To continue working with the current youth programs that educate, provide and enable the many social groups, gender and more. Be it Charlotte Youth Cycling Bikin’ Dad’s Adventures NC Interscholastic Cycling Assoc. programs
Bryan R.	Post an offering to neighbors on Nextdoor to come out, bring kids (or just themselves), learn a few simple bike maintenance, upkeep and adjustment techniques, and then join on a ride through greenway to our local “downtown” for food/drinks/social.
Bethanie J.	Implement more safety education (cycling clinic) opportunities for children at Bicycle Friday in order to create a safer ride
Ben M.	Seek partners and locations for bicycle training playground, easily accessible, interactive and fun
Anna H.	Starting kids ride to school once a week at Trinity Episcopal; education of staff and families... Learn to Ride, Bicycle Benefits, safety classes, etc.
	Ride with others to help educate them on safe riding techniques such as taking the lane

Education	
Roland L.	Volunteer to speak at Drivers Education classes on bicycle laws safety habits and norms
Mike F.	Add Bicycle Benefits for members of my gym
Pat D.	I will talk with my coworkers about the importance of bike safety
Pam M.	Teach Cycling Savvy workshop each month
Mike L.	Recruit Lead Bike Educator for UNC-Charlotte (take prospects through Cycling Savvy Class)
Sarah B.	Will contact apartment communities city-wide to invite residents to Joy Ride CLT and encourage them to go to bike training

Engineering	
Robin P.	Find out when the next Open Streets event is and encourage friends/family to participate
Andy M.	Petition City to create temporary/flex bike lane on Booty Loop on weekends
Jon H.	Write an email and call my city and county elected officials to convey how and why my family rides bikes, emphasizing the importance of funding for engineering activities. I will invite these elected officials on a bike ride.
Roland L.	Contact about better signage; find simple routes that connect parks or malls/shopping centers that have bike lanes
Christian L.	Find routes that would be ideal for “ciclo-via” in Charlotte, where lanes would be closed every Sunday and holidays for cyclists and ask City Planners to implement.
Bryan R.	Encourage land developer clients to think of including community interconnectivity potential (if not build them now)
	Document routes, times and seasons of riders ... Apps to aggregate data
Jeff V.	Increased connectivity through the creation of a repository for electronic maps
Harry J.	Organize a “go fish” ride in our neighborhood for kids. 5-1 mile loops with these kids getting a playing card with each loop. Best hand after 5 loop ... a map at the end showing the kids where the accumulated 5 miles will go.
Liza P.	Meet with my council person to discuss safety/comfort of biking in our district and importance of funding the bicycle program (with more money for engineering projects)
Heather S.	I will continue to work to design better bike facilities for projects in CLT.
Bart S.	Continue to share our knowledge of low volume street bike routes to riders
Renee B.	Ask my city council rep and director of CDOT to build protected bike lane on the Plaza in 2018

Engineering	
Keith S.	Track Rides of Strava
	Ask for additional “menu items” on My Charlotte 311 reporting app) -Start using Strava (DOT buys data?)
Pat D.	I will create and ride a bike route in the Steele Creek area to share with weeklyrides.com and nextdoor.com

Equity	
	Making bikers more aware to businesses and community who are not bike owners
Nancy P.	Create more activities like Open Streets in a centric area (like Uptown) to promote biking for everyone. Vendor permission could sustain (income wise) the cost of the activity
Tammy B.	Make sure the places I shop at have safe bike parking
Kenya T.	Use Hidden Valley as a template to get community to organize and inform city of our pedestrian and cycling needs
Klara B.	Mentor program to encourage women to ride
	Help friends neighbors and strangers fix (and learn to fix) bikes!
	Review UDO and seek opportunities to make the code support biking and multi-modal transit oportinues
Heather S.	Start a regular bike train to my kids’ school to help encourage and teach kids to be comfortable biking
Mark D.	Attend my neighborhood meetings to listen and understand gaps in equity for cycling.
Ben M.	Work with Sustain Charlotte and Kenya Templeton (some member of the Hispanic community) to outreach to groups and neighborhoods and non-bicycle advocates
Adam R.	During 30 Days of Biking in 2018, I will partner with an underserved neighborhood or school to get people on bikes outside of the normal neighborhoods
Caitlin D.	Call 3-11 for bike related issues in and throughout the city
Caitlin D.	Support a community. Bike ride that “mainstreams” biking
	Collect data from non-cyclists and a-typical cyclists
Caitlin D.	Pick up trash/debris in bike lanes

Evaluation	
Eric Z	Ride different routes to get ideas on pain points and working models. Also, learn more about city plans and options for feedback
Mark D.	Send capstone and disperse knowledge about Ride Report App
Katie Z.	Compile 3 use existing bike infrastructure data to share snapshot of ; bike friendliness” over time. Can’t forget about qualitative data
	Neighborhood scale plans
Liz M.	Bring awareness to the community the BAC exists and meetings are open to the public
Nancy P.	Promote/create a website that combines the different data for “bikeability” and bike lane demand and an updated map for bike routes.
	The community becoming more aware of bike planning and development not just the people who bike
Caitlin D.	Ride by existing bicycle counters
Caitlin D.	Go to Council Hearings to show support for Active transportation presentations/reports
Chris G.	Create bicycle evaluation dashboard
Liza P.	Read bike plan, UDO, and vision zero policy
