New United Concordia Dental Cards

In the 2014 contract negotiations with SEPTA, Local 234 increased the annual maximum on the dental benefit from \$2000 to \$2150 and changed the funding method to “self-insured.”

Due to these changes, the insurance carrier had to issue new identification cards and create new group numbers. By now many of you should have received new identification cards. If you haven't already they will arrive soon. To access your dental benefits, you will need to use the new identification cards. These new cards contain a "Unique Member Identification" number that is unique to you and ensures enhanced privacy.

If you haven't already, you will receive the following items in the mail in the next few days:

1. New identification cards - for you and your family. Please use these cards moving forward and dispose of the old card which is no longer valid.
2. Summary Plan Description - This detailed document will provide an updated description of your existing benefits and enhanced annual maximum.

If you have not yet received your new identification card, you can use your social security number and the new Group Number 907746101 to access your dental benefits.

If you experience any claim related issues, please contact us at the Union Hall at 215-972-4140 or contact George Clifford Blackmon our insurance consultant at Employee Benefits Consulting Services 215-878-3227.
