

LIFE CELEBRATION

Hiyu-Kwiish Miik

David Dennis has been a tireless advocate for our people; from his early days as an activist, to his political contributions as a leader; up to his current fight through legal means to end discrimination within the health care system. Come celebrate, bring a story, a song, your drum and share your love with our beloved warrior "Hiyu-Kwiish Miik". Lets contribute and support him and his family as he battles his hardest battle, for his life.
