**Subject:** AFN Lands Sector Update

Dear RC Prosper:

As a result of an internal re-organization at the AFN, it is with some sadness that I must inform you that Will David has elected to take a different position within AFN. As a result, an internal competition is being held for his position and I expect that the appointment of a new Director of Lands will be announced within the coming weeks. In this regard – as a result of the re-org – I have now assumed a new position as the Senior Director of Environment, Lands & Water. The re-org kicks in officially on April 1.

While change always brings some uncertainty, we are committed to improving both the manner and outcomes of our work, and I am certainly looking forward to working with you, and many of the others cc'd in this message, again!

Aaron Asselstine, the current Associate Director of Lands (LTR), is acting for Will while the selection process for a new Director is completed. Please don't hesitate to contact Aaron or myself if you have any questions in the meantime.

Best,

Tonio
