Dear Urban Montessori Board of Directors:

I have recently taken on a broader set of responsibilities at Lawrence Hall of Science, including assuming leadership of a very large project in collaboration with UC Davis. Addressing these responsibilities has resulted in my having to expend a significant amount of energy. As I don't anticipate conditions changing much in the near future, I will not be able to realistically commit the time and energy necessary to effectively serve as a Board member. Therefore, I regretfully must resign and forfeit my board membership.

I have learned quite a bit during my time as a board member, and I am grateful for the opportunity to have worked on helping in attempts to transform a very unique educational vision into a reality.

All the Best.
